**RE: NOTIFICATION FOR THE AWARD OF CONTRACT FOR THE PROCUREMENT
OF ALUMINIUM NUMBER PLATES**

We acknowledge receipt of your letter dated 29th April 2019 and received on the 30th April 2019 pertaining to your concerns on the decision of the contract committee of this Ministry.

1. Please note that your concerns area noted but however, the decision was not only made on the payment plan instead on the prices quoted on the price schedule, specification and many other as listed in the evaluation criteria's.
2. You quote D500 per piece, which is equivalent to D1000 per pair. ✓
3. All your prices quoted were based on ex-works, which has hidden cost implications for government.
4. Finally we have realised that there has been some **inconsistencies in the bid document but the intention of the ministry is "BUILD, OPERATE and TRANSFER"** which has been captured in section 1 invitation to bid under item 12, though the premise of the complaint which was in General Conditions of Contract and the Special Conditions of Contract also exists. Therefore, we relied on **section 2 under invitation to bidders, sub section 1.2** which reads the " the decision of the Procuring Organisation on any inconsistency shall be final

Thank you.
